## i n t r o d u c i n g • cool mist fans •

no matter how humid the summer may be, you can beat the heat by ordering this mist fan offered by gonag solutions pvt ltd. designed to offer you a super cooling experience, this water mist fan creates a cool ambience around your home. this fan has 3 speed control and thus you can adjust the speed as per your convenience with infrared remote control. the mist fan includes amazing features like mp3 player, pre-set timer aroma function with adjustable height with wheel locking system. compared to other fans, this mist fan has a unique technology to throw cool mist of water in the atmosphere to make your room breezy which gives dust free air.

if you are keen to experience cool waves during the unbearable hours of summer, then this mist fan is really worth the price.
